ADDITIONAL INFORMATION

My name is Hafiz Zain Ul Abideen. My years of experience as a Front End Developer for different multinational companies such as Dream Catcher Marketing (DCM DIRECT LLC) has honed my CSS3 and HTML5 skills, as well as my knowledge of mobile and responsive design.

My professional experience includes bringing the wireframes of the UX designer to life through HTML5 and CSS3, as well as collaborating with Back End Developers to create a stellar finished product. I think my skills and experience make me a great fit for your company.

Here are some of my most relevant qualifications and accomplishments:

Nearly one year of experience as a Front End Developer at Mindbridge PVT.

Eight months of experience as a Front End Developer for Dream Catcher Marketing (DCM DIRECT LLC)

Worked at MST Developers as Front End Developer & IT Manager.

Currently working at BearPlex on a UI framework Vue.JS

I crafted various website features using HTML5 CSS3 JavaScript JQuery and Bootstrap

Developed and Implemented project scope and timelines based on the design-develop-deploy process

Collaborated with UX designers and Back End Developers and ensured coherence between all parties

Tested feature prototypes for bugs and user experience

I know how important the details are for a Front End Developer.

My keen attention to detail and dedication to solving any problem at hand is what separates me from other candidates with similar qualifications.

If you agree that I'd be a good fit for your organization, I would love to schedule an interview at your earliest convenience.
